SEASON 2027 ALL HERE

geelong arts centre

Dear Member,

Thank you for being part of our Season this year, we hope you enjoyed it as much as we enjoyed hosting. As a valued member, we are thrilled to share your *SEASON 2027* Member Sneak Peek ahead of the official reveal on the 25 November. Between now and then, you will enjoy an exclusive member renewals period so you can snap up the best seats in the house before they are made available to public on 1 December.

Here's why you'll want to be first in line.

Think back to a night at the theatre that stayed with you, the one you still talk about. *SEASON 2027* is full of nights like that. That's what theatre does best: it zooms in on a defining moment, dropping us in at the very climax, right when everything hangs in the balance. A moment that changes everything - for a nation, a family, or a moment in just one person's life.

Some are moments that defined us as a country. ***Calibre***, a world premiere we're co-producing with La Boite Theatre and directed by Neil Armfield, takes us behind closed doors in 1996 as a brand-new Prime Minister faces down his own side to reform our gun laws after a national tragedy. ***Phar Lap: The Electro-Swing Musical*** rides a gangly long-shot racehorse all the way into legend.

Other moments are deeply personal. In ***Honour***, betrayal reshapes ideas of love, loyalty and self-worth. In ***Mackenzie***, a child star is defined by her moment in the sun, and by the stage mum who'll do anything to keep it shining. And ***Don Giovanni***, like all great opera, throws us straight into the heart of a powerful tragedy.

Theatre also holds a mirror up to the moment we're living in right now, The Last Great Hunt's ***Lé Nør [The Rain]*** is a love story for a world in crisis, brought to life through cine-theatre and live digital technology: a whole foreign film, shot and screened before your eyes.

Beyond ***Mainstage***, there's so much more to discover. ***REWIRE*** brings bold new work, including a piece from one of our own Creative Engine Associate Artists, ***Delightful Days & Matinees*** welcomes home Geelong favourites Amy Lehpamer and Tim McCallum, and closes the year with Silvie Paladino at Christmas time. And ***Family Magic*** has the little ones covered, from Play School to crowd favourites The Listies.

The best way to experience *SEASON 2027* is as a Geelong Arts Centre Member with incredible savings across the season and additional discounts being offered across hospitality and a wide range of other genres such as comedy, local musicals and concerts too. Member renewals are now open for early bookings - we hope to welcome you back for the year ahead!

Here's to the defining moments – All here for *SEASON 2027.*

Warm regards,

Rhys Holden
