WHERE MUSICIAN MEETS ACCOUNTANT

Welcome to Merge, Geelong's state of the art co-working space in the vibrant heart of Geelong's creative community. This light filled, purpose-built space is the prime location for curiosity, creativity and collaboration.

Set against the backdrop of Geelong's thriving arts scene, Merge offers the perfect blend of serenity and creative energy, making space for your next big idea to bloom.

More than just a coworking space: Merge is vibrant ecosystem where artists, designers, writers and visionaries come together to form a community of aspiring individuals driven by passion and innovation.

Think of it as your passport to a realm where imagination and accomplishment collide, where relationships spark collaborations, and where your ambitions become reality.

The workspace hire model was designed with creative businesses in mind:

- Independent creatives, producers and live performance industry members.
- Creative entrepreneurs, start-ups and broader creative industries practitioners.
- Established creative companies and organisations looking to collaborate.
- Community groups, businesses, education providers and others aligned with the centre's broader vision and strategic priorities.

Ready to Merge into a new era of work and collaboration? Contact us at merge@geelongartscentre.org.au
